We didn't drown, in fact most of the day was pretty fair even though the turnout was a little low, I have to assume weather discouraged a few folks. Results attached.

Sean took the Gold with a 2583-80x, just a dozen and a half shy of the magic 2600 club. Next up was Simone with a 2531-75x, giving a medal spot to a Tricounty shooter. Tricounty shows again with Chris taking the Bronze with a 2520-65x. Congratulations to all three of these shooters for some excellent Master and high Expert scores.

Speaking of Expert scores, John posted a 2473-58x which surprised me because although that score is far out of my league, it is a little low for John. I know he had some gun trouble and Roddy was working away with a stone knife or some other bronze age tool trying to correct it so maybe for once it is fair to blame the gun.

The DR match was won by Chris with 256-4x, but only 5 points separating the top 3.

John took the 22EIC with 273-4x which should finally grant him those leg points he has been chasing. Unfortunately we could not find enough leg meat to run a service pistol EIC that would count, I guess everyone that can has already picked up that badge.

Congratulations again to all of the top shooters today and a bit thank you to Craig for calling the match, Mike and Jim for keeping us in top quality target frames and Roddy for his guidance and helping fill in the blank spots in my absence.
