Apparently, my aim in choosing nice weather is head and shoulders above my aim with a pistol!

Saturday was a great outing, we finished on the early side and avoided what little rain fell, although I guess there was more respectable rainfall at other places around the Willamette valley.

We had a good medium-sized turnout and I have to believe a good time was had by all. Mel pretty much ran away with the match at 2542-83x, although Chris and Rodolfo were making a serious showing with 2514-79x and 2489-57x.

Good work and Congratulations to all 3 of these fine shooters!

The Reeves match was only 3 shooters, but Chris took that one with 271-7x. Allen and Alex turned in 252-4x and 176 respectively.

Very glad to have all of you that came out and hope to see you again next month (as well as many others)!
